

AIM

The aim of the 4th International Symposium of Industrial Engineering – SIE 2009 is to contribute to a better comprehension of the role and importance of Industrial Engineering. The faster impact of all Industrial Engineering tools in industry is our main target. According to these goals the Symposium addresses itself to foreign experts in all fields of Industrial Engineering (whether within governmental scientific, educational economy of form other institutions) to make their contribution to success and capabilities achieved in the work that has been done are very welcomed.

DATES

For authors: Please send your paper until November 15, 2009. on mail.

For participants: Please register as Symposium participants without the paper until November 15, 2009. on mail mmisita@mas.bg.ac.rs.

PLACE

4th International Symposium of Industrial Engineering SIE2009 will be held at the Faculty of Mechanical Engineering in Belgrade on December 10-11., 2009.
